## x — (Life As A Hacker) — x

It was mid of the night. He was sitting alone in his room and ~~suddenly~~ He was looking very angry and then he opened his started his PC, ~~hacked~~ and started hacking. He ~~hacked~~ a large tech organization and damaged it completely. Next day, the incident came in news in which the ~~stole~~ headlines are "The group of hackers named spectre hacked another tech company and it was the third incidence" that happened within 3 months.

Every one is feeling insecure because of that hacker group. But in actual it was just one man who is doing all of this, but why he is doing this?

Next night hacker that called himself spectre slept and ~~at~~ he dreamed his ~~life~~ old times.

The old happy and peaceful life when he was ~~happy~~ a talented, intelligent ~~CEO~~ and famous CEO of ~~top~~ tech company who provide best services to whole ~~whole~~ world.

He belongs to a poor family background and was self motivated to do everything for his family and make their parents ~~to~~ happy. ~~and~~ ~~for~~ ~~passed~~. He went for higher education to another country and he did outstanding performance and made his own operating system that is better than microsoft. ~~and~~ ~~offer~~ ~~the~~ so He joins a ~~comp~~ private software house which are in the search of ~~a~~ a way to beat

pond

microsoft. He sells his operating systems to that company and in very short time became CEO of that comp company. They launched the operating system and it was liked by everyone because of its GUI and many other features. People started become familiar to that O.S rather than using microsoft O.S. This thing create negative impact on the owner of microsoft and he was a hidden mafia also. He invited him in his company office to talk to him. He then accepted his invitation and went there. The talk between the two CEOs started, initially it was normal conversation but at the end the CEO of microsoft started threaten him to and started saying him to ban your O.S or we will kill you and your family. At the end, a fight began between them but the spectre safely went to his country back. As soon as he went back, his family, parents ~~became~~ were killed by some private army. Suddenly, some group of people came and started beating and tortured him very badly. They tortured him until he got unconscious, and then left him to die. They destroyed his softwares, his hardworked projects, data and everything.

He wake up from his sleep and started thinking a little, went to gym and doing stuffs. This night he have plan to kill the CEO of microsoft, his biggest enemy and killed him. But unfortunately he also left some proof of his identity there by himself. The investigation team came and arrested him and court decided to ~~punish~~ give him punishment of death....
