

Minutes of Brainstorming Meeting on University Projects

Date: 20-02-2025

Time: 8:00 am to 8: 15 am

Venue: Call Lab

National University of Computer & Emerging Sciences, Peshawar Campus

Following attended the meeting:

Muhammad Musawar Ali Shah	Chair
Hizbullah	Time-Noter
Shameer Sheraz	Participant
Rahim Alam	Participant
Israr	Participant

Agenda & Discussions

Welcome & Introduction

The Chair welcomed all participants and explained the purpose of the meeting, emphasizing brainstorming rules.

Idea Generation Phase

Each participant shared one or more C++ project ideas. The Time-Noter ensured smooth time management.

Shortlisting & Discussion

The team reviewed all proposed ideas, discussed feasibility, and narrowed down the options.

Voting on the Best Idea

Each participant voted for their preferred project. The majority selected 'Maze Solver with AI'.

Final Decision & Responsibilities

The project was finalized, and tasks were assigned to each member.

Conclusion

The meeting successfully concluded with responsibilities delegated, and the next steps outlined.

Action Items

Shameer Sheraz: Research AI pathfinding algorithms.

Rahim Alam: Plan the basic UI for the project.

Israr: Work on file handling for saving and loading mazes.

Hizbullah: Create a project timeline and milestones.

Muhammad Musawar Ali Shah: **Document the meeting and coordinate communication.**
